## President's Message

**COL Lennie Enzel, MS, RN**

I hope this finds you all well and happy. Summer is upon us; the days are growing longer and warmer. I am excited to hear Gail Joyce, the guest speaker at our upcoming 10 June luncheon. I heard Gail speak at a regional MOAA meeting and she made a great impression on me. Her words on how to prepare for and survive the death of a spouse are something everyone should hear. I hope you will join us at the Centennial Club and bring a friend or two that needs to hear

her message.

A big thank you to **Dave Powell** for all he is doing for our Chapter. Not only is he serving as both our treasurer and secretary, but he has also procured the venues for our luncheons, coordinated for the UTEP ROTC graduates to get their butter bars, and is representing us at Fort Bliss Armed Forces Day.

Likewise, I am grateful to **Bill Oseles** for the magnificent job he is doing with the Border Bulletin. I appreciate all the work that goes into it. We very narrowly missed winning the MOAA National Communication Award and I have no doubt we will earn it next year.

Several of our Board members presented MOAA leadership medals at local ROTC graduations and I appreciate them giving up their evenings to do so.

I am grateful to **BG Kotter** and the Outreach Foundation who voted to make generous donations to both the El Paso VA's 2K Walk and Roll to raise monies for clothing and food for homeless Veterans and to their Baby Shower which provides needed items to Veterans who are pregnant or recently delivered.

A big thank you also goes out to **Connie Sullivan** who does an amazing job of serving as both our Chaplain and our Surviving Spouse Director. Connie does a tremendous job of keeping in touch with our members, especially at times of illness or loss.

Please help **Bob Wagner** with his membership efforts. We all know people who are eligible to join our Chapter. Please invite them to do so. Many people do not realize that they must join our Chapter separately from National MOAA. Dues are only \$20/year. If our Chapter is to survive, we all need to help recruit members.

Our Legislative Director, **Dave Garcia**, is hard at work protecting our earned benefits and lobbying for proper compensation for the effects of military service on our minds, bodies, and families.

Thank you to **Dave Thackston** for all he contributes not only to our Chapter but to many other military and Veteran organizations in El Paso.

So much appreciation goes out to **Bill Moore** who maintains our website, sends us much needed email reminders and information, and helps with procuring advertisers to offset the costs of producing the Boarder Bulletin.

As you can see, much goes on behind the scenes to keep our Chapter afloat. It takes a village and we could really use your help. Please step up and contact a Board member and offer a hand. Many of the things we do could easily be done from the comfort of your home. Our 68 year old Chapter is teetering on the brink of dissolution and your assistance can make the difference.

## **CHAPLAINS CORNER**

### **MRS CONNIE SULLIVAN**

Everyone of us, at one time or another, have experienced a situation in which our Almighty God has sent an Angel to help us.

We all know that Angels are in Heaven, however, here on earth, there are individuals that have such incredible charitable and compassionate hearts that they are like Angels, full of the Spirit of our Supreme Being.

They, these good hearted people, will risk their lives to help others in need no matter what the circumstances are.

There is a God loving man that is a Border Patrol but now he is not on Patrol as his job has changed to a more of an administrative position. His name is Joseph Pawlosky. He shared one of his experiences with me which shows how caring, kind and benevolent this young man of God is.

This is his story;

I was assigned to the Alamogordo Border Patrol Station. I was performing roving patrol on US Highway 54. I encountered a pickup truck on its side. Inside the truck, was an elderly couple. They were not able to exit the vehicle due to the angle. Making sure that the scene was safe, I then climbed on top of the truck. Through the open window I reached down into the truck and lifted the husband and wife out of the truck.

I remember telling my wife the story and sharing with her how I felt a strength beyond my own that enabled me to lift them out of the truck. Due to the angle, I couldn't use my legs because I could not squat low enough to reach them. All I could use was my arms. I was blessed with the additional strength that was needed to remove them from a dangerous situation. That is one time I felt like I was an instrument in the Lord's hands.

With God's help, there is nothing we cannot do to serve Him by helping our fellow beings in any circumstance.

His love and strength is what makes it possible.

## **Advocacy in Action: MOAA Members Bring Our Message to Capitol Hill**

By: Kipp Hanley

More than 170 MOAA chapter members and board members from across the nation brought MOAA's legislative message to Capitol Hill on April 26 for the organization's annual Advocacy in Action (AiA) event.

Members spent the day inside the offices of House and Senate members, informing legislators and their aides about MOAA's top legislative priorities, including restoring the Basic Allowance for Housing (BAH) to 100% and preserving access to the TRICARE pharmacy network. It was the first time the event was held in person since 2019.

Jillian Rogers, a member of the [MOAA Currently Serving Spouse Advisory Council](#), and Col. Kim Biever, USA (Ret), a member of MOAA's [Uniformed Services Nurse Advocates Virtual Chapter](#), enjoyed their first AiA experience. They visited with staff from Texas Reps. Joaquin Castro, Tony Gonzales, and Henry Cuellar, and walked away impressed with the positive reception and their knowledge of military affairs.

"All of them were eager to share what they were doing for military families, veterans and servicemembers," Rogers said. "It was not what I was expecting."

Both Biever and Rogers have seen the impacts of the BAH cuts firsthand. According to Biever, there is a waiting list of over a year to live on base at Joint Base San Antonio, forcing many families to live off base and weigh quality-of-life decisions – commutes, neighborhoods, and school districts, for example – against living expenses. Rogers said despite having two incomes with her husband, a lieutenant commander in the Navy, making ends meet in Northern Virginia is still tough.

"We are seeking the best schools, so that usually means giving up on housing," said Rogers, who has three young children. "They are taking all of our BAH and a good chunk of the income I bring in [just] to be in a subpar rental house."

MOAA Northwest Arkansas Chapter President Col. Robert Crawford, USA (Ret), had never experienced in an in-person AiA but had participated in the last three virtual events. Crawford met with Rep. Steve Womack (R-Ark.) early Wednesday morning; Womack is working on a bill that would make the Basic Needs Allowance non-taxable for servicemembers, like BAH.

During his meeting with Womack, Crawford expressed the tangible benefits of restoring the BAH to 100%. While BAH rates vary by paygrade, location, and other factors, one MOAA calculation using DoD and other government figures found an E-5 in a military housing area representing the national average would receive \$111 more per month if BAH moved from its current 95% of housing costs back to 100%. This would partially lessen a \$433 gap between that servicemember's projected expenses and compensation.

"It's not going to make up for the shortfall, but it's going to make a dent," Crawford told Womack.

Virginia MOAA Vice President of Legislative Affairs Col. Monti Zimmerman, USA (Ret), and MOAA board member Col. Rojan J. Robotham, USAF, met with Rebecca Eichmann, a staffer from Rep. Abigail Spanberger's office, who said the Virginia Democrat would support restoring the TRICARE pharmacy network. Late last year, the network dropped thousands of independent pharmacies; the year before, it dropped Walmart from its rolls.

Eichmann cited her hometown near Orange, Va., where some servicemembers who had been able to use the local Walmart for their prescriptions needing to drive 40 minutes to Charlottesville to find a network pharmacy.

Illinois MOAA Council President Col. Robert Tyler, USMC (Ret), met with a legislative aide of suburban Chicago area Rep. Brad Schneider (D-Ill.) and spoke about the importance of earned benefits as a way to recruit more individuals to the military. Despite 83% of recruits coming from military families, fewer and fewer veterans are recommending serving their country.

"My son's father-in-law, who was a Navy captain, is telling his grandkids not to go to the military," Tyler said.

Overall, this year's AiA was a successful one, said MOAA Senior Director of Government Relations Cmdr. René Campos, USN (Ret).

"AiA is a great experience for local chapter members to reinforce MOAA's obligation to care for all who serve and have served," Campos said.

## **Doc's Corner** **Daniel Washburn, M.D.**

The Food and Drug Administration, CDC and other government agencies occasionally have to recall various products such as meat, vegetables, cars, medical equipment and medication that could potentially be harmful to the public. The same goes for eyedrops and eye medications.

In February 2023, the FDA issued a strict recall and warning not to use artificial tears or lubricating eyedrops/ointment for dry eyes that were manufactured by “EzriCare” or “Delsam Pharma”. The company that manufactures the eyedrop is clearly printed on each box/bottle and the teardrops manufactured by the above companies are not safe.

Some of these eyedrops were contaminated with a bacteria that can infect and damage the eye very quickly and is resistant to most treatments. This eyedrop has caused nearly 70 cases of eye infections across 16 states and some resulted in blindness or even loss of the eye.

In any pharmacy, there is a large variety of artificial tears made by various manufacturers and almost all are safe to use. It is only artificial tears made by the above mentioned manufacturers that are recalled. You can feel safe using tears from other companies.

In March 2023 there was also a recall on brimonidine eyedrops used for glaucoma. Only brimonidine made by “Apotex” was recalled, brimonidine by all other manufacturers are safe to use. The eyedrops by Apotex were found to have cracks in the bottle but no eye infections or adverse outcomes have been reported.

Also in March 2023, Purely Soothing eyedrops, Global Pharma eye ointment and Clear Eyes made by Teva were recalled as they may not have been sterile. No eye infections or adverse outcomes have been reported from these eyedrops or ointment.

Eyedrops are needed for a variety of eye conditions such as dry eyes and glaucoma. Eyedrops are very safe and effective but just make sure that if you see a recall in the news, check the manufacturer of any eyedrop that you use.

Daniel Washburn, M.D.  
Former Chief Eye Surgeon at WBAMC

## Auxiliary MRS CONNIE SULLIVAN

Oh, My Dear Members, looking at the news, it is difficult for some of us not to feel sad and disheartened of what is happening to our country.

The images that we see of people destroying property and the violence in the streets, are appalling especially when we see our flag trampled on and burned.

A while back for a June Bulletin, I wrote an article about our flag because the month of June has Flag Day. So, to give us a little reminder, since we are all very busy and actually don't celebrate Flag Day like we do Fourth of July, I am reiterating what I wrote about the meaning of our flag and what it stands for.

And, perhaps, we can share it with those that have forgotten the sacrifices that were made to make this country of ours great.

In these crucial times when we are seeing our nation literally torn apart right before our very eyes, again, a little reminder of the profound significance of the concepts and principles our great flag stands for, can give us a small boost of patriotism in these such difficult times which are incredibly hard to understand and to believe.

The article says, that there are so many people that are disappointed, frustrated and extremely worried concerning the conflicts and antagonistic state in which our country's current situation is at present and that it seems that many citizens have forgotten that our nation was founded on unity, equality and that the fore fathers gave up everything they had to establish those principles under God.

Those individuals that engage in such an ignominious behavior are failing to recall that our flag is the Symbol of our hope, our strength, and faith, and that we are under God's grace. It represents our ideals, our patriotic endeavors,

believes, our people and culture.

Whatever is ahead of us, Dear Members, we should not give up hope for a better future, for God said that He will never leave us nor forsake us, for believers of course. For those that don't believe, don't despair, just hope for the best.

May our Almighty God bless our country and keep us safe.

# Here's How Much TRICARE Pharmacy Prescription Prices Will Rise Next Year

By: Karen Ruedisueli

MAY 10, 2023

JGI/Jamie Grill via Getty Images

TRICARE pharmacy users will see cost increases in 2024 as the Defense Health Agency implements prescription medication copays set by the FY 2018 National Defense Authorization Act (NDAA).

That same legislation gives DoD authority to adjust copays for 2028 and beyond to reflect changes in the cost of pharmaceutical agents and prescription drug dispensing. MOAA already has started discussions on Capitol Hill to establish guardrails on this authority, with the goal of legislation to limit DoD increases on prescription drug copays.

As of Jan. 1, TRICARE copays for prescription drugs will increase as follows:

## **TRICARE Pharmacy Home Delivery (Up to a 90-Day Supply)**

Generic formulary drugs: from \$12 to \$13

Brand-name formulary drugs: from \$34 to \$38

Non-formulary drugs: from \$68 to \$76

## **TRICARE Retail Network Pharmacies (Up to a 30-Day Supply)**

Generic formulary drugs: from \$14 to \$16

Brand-name formulary drugs: from \$38 to \$43

Non-formulary drugs: from \$68 to \$76

Prescriptions obtained at military treatment facility (MTF) pharmacies still will have zero out-of-pocket cost.

At retail pharmacies, beneficiaries will continue to pay either the TRICARE copay or the actual retail cost of the drug, whichever is lower. You can check [retail cost estimates](#) for your prescription drugs using the [Price a Medication](#) tool.

## **Making MHS Reforms Work for You**

The TRICARE retail and mail-order pharmacy programs were extended to Medicare-eligible retirees in 2001 with the legislation that created TRICARE For Life (TFL). Until then, the only prescription drug benefit available to military retirees ages 65 and up was zero-out-of-pocket-cost prescriptions at MTF pharmacies.

As Congress shaped military health system reforms, MOAA successfully blocked dozens of proposals that would have increased beneficiary cost sharing, including a TFL enrollment fee and catastrophic cap increases up to \$5,000.

MOAA also objected to fee increases for survivors, as well as for medically retired servicemembers and their families. As a result, protections for these populations were included in the FY 2018 NDAA – their pharmacy copays will remain unchanged next year.

There also will be no change for active duty servicemembers – they will have no out-of-pocket costs for medications obtained at the MTF, a retail pharmacy, or via mail order.

MOAA continues work to restore the TRICARE pharmacy network, [cut by nearly 25%](#) due to reduced network requirements in the new TPharm5 contract, with efforts to secure a report to obtain detailed data on beneficiary impact. We appreciate the MOAA members who traveled to Washington, D.C., last month for our [Advocacy in Action](#) event and met with lawmakers to explain how pharmacy network cuts impact military families.

## GUEST SPEAKER

### Virginia "Gail" Joyce, Surviving Spouse

Council & Chapter Affairs Committee, Membership Committee, Scholarship Fund Board of Directors, MOAA Foundation Board of Directors

Joyce, who grew up in Abilene, Texas, married Larry Joyce in 1960, beginning a life-long adventure. Shortly after they married, Larry was commissioned a second lieutenant in the Army. They moved to Fort Hood, Texas - the first of more than 20 moves over the next 20 years. In that time, Larry served two tours in Vietnam. Joyce's diverse career, from which she retired in 2005, has seen her work as an administrative assistant, a military youth activities director, a Military Family Center director, a Realtor, a program director, a high school and college English/literature teacher, a

national program director for youth tobacco issues, and a bed and breakfast owner.

In 1983, she completed her Bachelor of Arts in English (cum laude). In 1986, she earned a Master of Arts in humanities. Her volunteer efforts include serving as volunteer chair and VIP event co-chair for the Granbury Wine Walk, as surviving spouse liaison and a founding member of MOAA Greater Granbury (Texas) Chapter, and as a Veterans' Council member.

She has served on the MOAA President's Surviving Spouse Advisory Council for six years and will serve as its chair beginning in October 2020. She's also co-chair of the MOAA [Surviving Spouse Virtual Chapter](#).

She also conceived and produced the Memorial Day Field of Flags from 2012 to 2020, helped organize Veterans Day ceremonies, and has spoken on behalf of local, state, and national organizations about life in the military and her son and husband's service to their country.

She is a Gold Star Mother. Her youngest son, Sgt. James Casey Joyce, an Army Ranger, died Oct. 3, 1993, in Mogadishu, Somalia; the story of the mission is told in *Black Hawk Down*
